Wanted.

To know the whereabouts of the fellows who cursed McKinley for not declaring war several weeks ago. These fellows now have an opportunity of putting their patriotism into practice by enlisting in the Lancaster company. Sign and fight or shut up.

First Volunteers.

Sam M. Duncan, Jno Farra and Cloud Wherritt were the first Garrard county braves to tender their services to Uncle Sam. Frank Lusk was the first to come from Lincoln, having signed the papers Saturday. S. M. Mullins heads the list from Lower Garrard and Allie Pritchett is the first from Marksburg.

Valuable and Timely.

Mr. S. C. Denny has presented Capt. Sam Duncan with an elegant Smith & Wesson 44 calibre revolver. The weapon has a holster and cartridge belt and is both valuable and useful. If the gallant captain gets a fair chance at the Dons this weapon will certainly make its presence known.

Business Changed.

Mr. Jesse W. Sweeney has purchased his grandfather, Mr. J. G. Sweeney, the latter's stock of Dry Goods, clothing, boots, shoes and gents furnishings goods. Mr. Sweeney has been in the cities this week laying in additional goods and will soon have complete lines. THE RECORD bespeaks for the young gentleman a liberal share of patronage.

Another Shooting.

Another shooting took place on Battle Row Tuesday night. Lem White, better known as "Frog Eye," a 15-year-old negro boy, shot and dangerously wounded Charley Anderson who is also a resident of the chute. Anderson is Frog Eye's step-father and the boy says he shot him for "whooping his mammy." The weapon used was a 32 tumb-dot revolver. The ball entered Anderson's stomach and lodged in his back. The boy went at once and surrendered to Jailer Dave Rose. The examining trial is set for this, Friday, morning.

Court Day.

An immense crowd attended court Monday and our merchants did a thriving business. Our advertisers say they were busier than for many months. Trading in the stock line was below par, however, and few sales were made which are noted in our stock column. A patent medicine faker, the soldiers marching and a church in help entertain the crowd during the forenoon, the political speeches attracted a big number in the afternoon and the negro killing at night wound up what might be truthfully termed a large but decidedly poor court day. A few stallions were exhibited, but the number was far below the usual lot here.

Roman's offer \$30 to start the lot on corner of Public Square and Richmond street, but the bid was not accepted. The owners did not say what they proposed doing with the property. They can easily rent store rooms, if they will erect a number of first-class ones.

Excellent Speeches.

Three candidates for the democratic nomination for congress addressed a large crowd at the Court House Monday afternoon. They were Gov. Jas. B. McCreary, Hon. John B. Thompson and Hon. G. G. Gilbert. Owing to the misunderstanding between Messrs. McCreary and Thompson at Danville last Monday, some folks expected the debate to again lead to trouble, but such was far from the case. Each speaker presented his claims in a gentlemanly and straightforward manner, and the speeches were highly enjoyed by all. We have not space to give a synopsis of each speech, but our people are well acquainted with the many good points of the candidates. The speeches were up to the usual standard of the gentlemen and the friends of each are highly pleased with the efforts of their man.

Unfortunate Killing.

"Battle Row," the notorious negro settlement adjoining the town, was the scene of a killing late Monday afternoon. Porter Warren, a young white man, shot Gravel Leavel, colored, with a 44 caliber Smith & Wesson revolver, the bullet tearing a great hole through his body and severing the spinal cord. Leavel suffered great agony until 5 o'clock Tuesday morning, when he died. Reports of the trouble differ so widely that it is impossible to give

FOR CONGRESS.

MC CREAMY.—We are authorized to announce Hon. JAMES P. MC CREAMY, of Madison county, a candidate for Congress in the 8th Congressional District, subject to the action of the Democratic party.

THOMPSON.—We announce J. B. Thompson a candidate for re-election by the Democratic party for Representative in Congress from this the 8th district.

THE young men who have volunteered to enlist and fight for their country are entitled to great praise for their gallantry. It goes to show that they are made of the right stuff and that they are every inch men. Nothing disgusts us more than to hear the various excuses many able-bodied fellows give for not enlisting. "Mama's Darlings," "Henpecked Husbands" and fellows who are too trifling and lazy to carry a musket are, we are pained to admit, very numerous. The inclination in many is to stand back and "let some other fellows go." Suppose everyone did so. How long would we have a country? As stated above, those who have enlisted are made of the right material, and have shown by their action that they are lovers of their country and are not afraid to bare their breasts to the bullets of any intruders. All honor to Capt. Duncan and his brave band of volunteers!

A DISPATCH says Adjutant General D. R. Collier, of the State Guard, will not go the war, as was reported. It was said that he would be Brigadier General in charge of the Kentucky troops. Gen. Collier told a friend a day or two ago that as soon as the present State Guard was mustered into the service of the Government he will have to organize a militia to take its place. It may be Gen. Collier's present intention to stay out of the fray, but a veteran is like an old circus horse—when he hears the music he wants to go 'round. And the same instinct abounds in the old soldier—when he hears the clatter of arms and smells powder, he could not be held out of the fight by a log-chain. If the fight gets hot, we will wager a quart of old bourbon that Gen'l Collier goes to the thickest of it.

It took the House just one minute and forty-one seconds Monday to pass the war declaration unanimously. The bill was reported to the Senate, which also passed it unanimously in a few minutes. The resolutions are as follows:

First.—That war be and the same is hereby declared to exist, and that war has existed since the 1st day of April, A. D., 1898, including said day, between the United States of America and the kingdom of Spain.

Second.—That the President of the United States be, and he hereby is, directed and empowered to use the entire land and naval forces of the United States and to call into the actual service of the United States the militia of the several States, to such an extent as may be necessary to carry this act into effect.

The president has named Assistant Secretary of the Navy Roosevelt as Lieut. Colonel of one of the regiments of mounted riflemen to be raised in the Rocky Mountains under Colonel Wood, whom Mr. Roosevelt urged for the place. We were introduced to this would-be warrior in his private office at Washington not long since. He parts his hair in the middle, wears a chiseled collar, walks like he was treading upon tacks and shakes hands in the disgusting, duded way. He impressed us as being a typical, gimbled-headed dude. Uncle Sam should send a wet nurse along in charge of Roosevelt.

The Hon. John Sherman, Secretary of State, has tendered his resignation. Judge W. R. Day, First Assistant Secretary of State, was named to succeed him, while Mr. John B. Moore, an acknowledged authority on international law, and for some time Second Assistant Secretary of State, was appointed to succeed Judge Day. No brainer man ever held a portfolio than Mr. John Sherman, and it is regretted by all that old age has so drawn him down as to incapacitate him for further usefulness to his country.

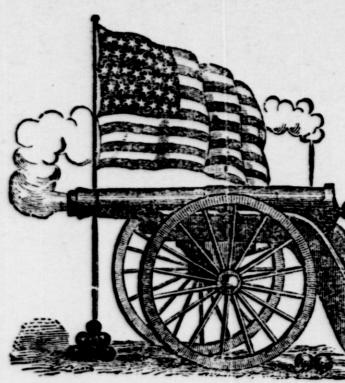

EVERY fellow who has been lording around in time of peace with a military handle to his name, should be made to take up a gun and defend his title. Such an order would almost depopulate Kentucky, but "darn their military looks," make them take the field, and prove their claims to the war-like prefixes they have tacked onto their names.

A FELLOW over at Lexington says he wants to enlist and fight as a private. We admire the fellow's thoughtfulness. From present indications there will be more generals and colonels than anything else, and a plain private will be so much of a rarity that he will go down in history as one of the curiosities of the war.

The Richmond Register is getting a double-jointed hump on itself. When a paper outside of a city can get out as creditable daily as the Register is now doing it is hustling, with a capital H.

## War Bulletins.

A military guard has been placed at the White House.

In answering the call for State troops Gov. Bradley wired; "They will be ready in ten days."

Responses from the Governors show that more than the quota will be offered in many States.

The latest and most sensational report is that Gov. Bradley wants to go at the head of the Kentucky troops to the front.

Buffalo Bill has offered his services and the services of his Indians and cowboys to the government to do service as a cavalry regiment against Spain.

There is no decrease in the enthusiasm manifested all over Kentucky. The companies of the State Guard are finding no difficulty in recruiting to the required strength.

Gov. Bradley has wired for the necessary equipments, etc., and as soon as these are received and companies equipped, the State Guard will be mustered into actual service.

Some of the State's best young women are volunteering their services as nurses. Among the first to so volunteer are Misses Christine Bradley and Alice Castleman, daughter of Col. John B. Castleman.

The farmers, the mechanic and the bicycle rider are liable to unexpected cuts and bruises. DeWitt's Witch Hazel Salve is the best thing to keep on hand, it heals quickly and is a well known cure for piles, Stormes' Drug Store.

Monday night Gov. Bradley received a call to arms for the Kentucky State Guard. The addition of two troops of cavalry was a surprise to Kentucky's military men, and is regarded as a marked compliment to Kentucky soldiers.

Numerous applications to fill cavalry troops have been received at the Governor's office. Capt. Robert Tyler, of Bullitt, veteran Confederate, and George Donaldson, of Frankfort, veteran Federal soldier, are two of those prominently mentioned in this connection.

LIEUT. Rowan, of the Nineteenth infantry, under orders from the War Department, has landed in Eastern Cuba, and is making his way to Gen'l Garcia, to whom he will unfold the plans of the United States for co-operation with the insurgents in landing an army in Cuba.

The Governors of the States will appoint all regimental, line and staff officers will be appointed by the President, who finds himself confronted with the task of selecting 328 officers of volunteers, including twenty Major Generals forty-eight Brigadier Generals and their staffs.

It is believed at Frankfort that the three Kentucky regiments will move next Monday, but this is not certain. Lieut. H. S. Whipple will muster them into the Federal service. In a few days Kentucky will need a new State Guard, and volunteers who were left on the first call may get in line for the next call by organizing as State militia.

The President, by proclamation, has allowed Spanish vessels in United States waters till May 21 inclusive, for loading, and departing, and Spanish ships met at sea shall be permitted to continue their voyage, if loaded before that time in the United States. Spanish vessels bound for the United States which sailed prior April 30, are exempt from capture and allowed to discharge cargo.

England has declared neutrality and orders American vessels to leave her ports within 48 hours, holding that war has existed since Woodford's dismissal. This relieves the United States of any embarrassment that might grow out of Spain's contention that the capture of the *Buena Ventura* was a violation of international law, because it was effected before the time named in the President's ultimatum had expired.

The blockade of Havana is constantly drawn closer, and the city is described as in a state of constant apprehension. Business has been practically suspended. Prices of provisions were doubled Saturday and again Monday, and it is predicted that agents of the army will seize every grocery and provision store before the end of the week. Reconcentrados are being driven to the country to starve.

The revenue bill to help raise war funds provides for an increase of the tax on beer to \$2 a barrel, on manufactured tobacco 12¢, cigars 4¢ per 1,000, cigarettes 8¢, and tobacco dealers will have to pay a license of \$12 to \$43. All patent medicines are to be taxed, chewing gum 1¢ a package, ginger ale and mineral waters 2¢ a pint, all checks and evidences of draft will have to be stamped and tea and coffee will have to pay 10 and 4¢ a pound respectively.

The Island of Cuba is 750 miles long, averages about 50 broad acres, contains 43,220 square miles. It is largely mountainous and hilly, but the plains are well watered and very fertile. Sugar and tobacco are its chief products tho' tropical fruits and crops are largely raised. Mahogany is one of its valuable timbers. Hurricanes sometimes cause wide-spread destruction. Earthquakes are frequent. Slavery was abolished in '68 though 65 per cent of its population is negroes.

Several of our boys enlisted Monday. The Spaniards had as well go home, now, and be content with their treachery and meanness.

Rus Humphrey has had lightning rods put on his dwelling; a building that has stood the storms of a century and more. The rods are made of iron 'til Gabriel sends forth the blast that is to be the signal that the end has come. Then woe be to the rodder of houses.

What an industrious people we are, especially after two or three days rain. We just cut 'round and grumble, and when the sun begins to shine and "terra firma's" in condition to plow, some of us don't get up 'til 8 or 9 o'clock, and then we "cuss" because it rains so much, and always at the wrong time.

In 1888 my wife went East and was attacked with rheumatism. She received a bottle of Dr. Kilmer's Pain Balm. Since that time we have never been without it. We find it gives instant relief in cases of burns and scalds and is never failing for all rheumatic and neuralgic pains.—D. C. BRANT, Santa Ynez, Cal. For sale by R. E. McRoberts, Lancaster Ky.

Mrs. Price Sull and Miss Bottie Alexander, of McCarty, were the guests of Mrs. Samantha Samantha Alexander, Saturday and Sunday.

I was reading an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the Worcester Enterprise recently, which leads me to write this. I can truthfully say I never used any remedy equal to it for colic and diarrhoea. I have never had to use more than one or two doses to cure the worst case with myself or children.—W. A. STRUD, Popomoke City, Md. For sale by R. E. McRoberts, Lancaster, Ky.

Gabe Baker and Miss Mary Henlen, aged respectively 21 and 41 were married last Friday, the 22d, at the house of the bride's mother, by Rev. Irvin Parton.

## How to Find Out.

Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys. When urine stains linen it is evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

## WHAT TO DO.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary system. It corrects inability to hold urine, relieves pain in the bladder, bad effects following use of liquors, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists, price fifty cents a bottle.

You may have a sample bottle and pamphlet both sent free by mail, upon receipt of three two-cent stamps to cover cost of postage. Dr. Kilmer's Swamp-Root, The Central Record, and Mention to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

**MOTHER!** There is no word so full of meaning and about which such tender and holy recollections cluster as that of "MOTHER"—she who watched over our helpless infancy and guided our first tottering step. Yet the life of every Expectant Mother is beset with danger and all effort should be made to avoid it.

**Mother's Friend** Mother is enabled to look forward without dread, suffering or gloomy forebodings, to the hour when she experiences the joy of Motherhood.

Its use insures safety to the lives of both Mother and Child, and she is found stronger after her confinement—in short, it "makes Childbirth natural and easy," as so many have said. Don't be persuaded to use anything but

**MOTHER'S FRIEND**

"My wife suffered more in ten minutes with either of her other two children than she did altogether with her last, having previously used four bottles of 'Mother's Friend.' It is a blessing to any one expecting to become a MOTHER," says a customer.

Well-Attended and Interesting Meeting Held in This City.

The fourth annual convention of the Eighth District Union Y. P. S. C. E. of Kentucky, met at the Presbyterian church, of this place, Friday afternoon April 22d. The exercises were opened with a devotional service led by A. H. Feran, of Danville, president of the Kentucky School for the Deaf—Mr. Thomas W. Barber, Misses Alice Haynes, Belle Lunceford, Annie Yowell, Willie Anderson, Mamie Ballou, Messrs. Wm Fugate, Augustus Duffat.

About The Size of It.

In his Lancaster letter to the Standard Journal, Judge Hughes says the editor of THE RECORD "has bright prospects for securing a highly honorable and lucrative position." We have a line out for a certain "position" in the army, the "lucrative" part of which is somewhere in the neighborhood of \$13 per month. Physical disabilities prevent our enlisting in the Infantry and, unless the "position" sought after is secured, instead of running from Spanish bullets we will stay at home and run THE RECORD.

Rheumatism Cured.

My wife has used Chamberlain's Pain Balm for rheumatism with great relief, and I can recommend it as a splendid liniment for rheumatism and other household use for which we have found it valuable.—W. J. CUYLER, RED CREEK, N. Y.

Mr. Cuyler is one of the leading merchants of this village and one of the most prominent men in this vicinity.

Mr. Derick, of Mt. Sterling, gave an address on "Municipal Pride" followed by a reception for the delegates.

The Sunday morning services were begun with a service prayer meeting led by Miss Amy Goodloe, of Harrodsburg. The regular church services were held at 11 o'clock, Dr. Goodloe preaching the sermon.

On Sunday afternoon there were short talks by Messrs. Sharp, Christensen, Rainy, of Danville, Mr. Allen, of Harrodsburg, and Mr. Faulconer, of Lancaster. After praise service Sunday evening, Miss Nannie C. Caldwell, of Danville, led the Consecration meeting, in which all the societies represented responded, either individually or in concert. Then Mr. Arrick preached the Convention sermon, after which the convention was dismissed with the Mizpah benediction to meet in 1899 at Stanford. The officers elected for the coming year are as follows: President, Harry Allen, Harrodsburg; Vice President, F. Rieke, Harrodsburg; Secretary and Treasurer, Miss Margaret Allen, Harrodsburg; Corresponding Secy., Miss Nannie Caldwell, Danville; Directors: Garrard county, Annie Royston; Lincoln, Geo. Carpenter; Boyle, Howard; Mercer, Mrs. Edwards and Miss Alice Berry.
